

The innovaTel Telepsychiatry Difference

So we do telebehavioral health
staffing – what makes us unique?

We get that you have options when it comes to meeting your workforce development challenges. You can hire internally, work with a locum tenens solution ... or work with a telebehavioral health staffing solution like innovaTel.

Why innovaTel?

The Right Fit

We don't just assign you a provider. You're a part of our matchmaking process to ensure your provider fits seamlessly with your team, your clinic and your patients.

The Right Support

Our dedicated team of Clinical Liaisons and Regional Leads ensure you *and* your provider have the clinical support they need to be successful, ensuring a long-term partnership.

The Right Expertise

Finding providers with specific subspecialties can be difficult. We provide you and your patients access to providers with the specific expertise you need, including child & adolescent, SUD, multilingual and more.

The Right Care

All we do is in service of your patients. Working with an innovaTel provider sets you up with a long-term solution that ensures continuity of care for your patients, ultimately improving patient outcomes.
